

TELL CONGRESS TO

PROTECT

OUR PENSIONS

CALL 888-979-9806 Now!

Working men and women across the country are facing a national crisis as more than a hundred multiemployer pension plans face the threat of insolvency in the next 10 years. Congress must act now to help millions of Americans facing an uncertain future as their retirement security is threatened through no fault of their own.

The Teamsters Union supports the passage of the Rehabilitation of Multiemployer Pensions Act (H.R. 397), which has been introduced with bipartisan support. H.R. 397 is the same bill that was introduced in the 115th Congress as H.R. 4444. It is also the same as the Senate bill introduced in the 115th Congress that was referred to as the Butch Lewis Act. This is the only legislation that would fully protect your hard-earned pension.

PLEASE CALL 888-979-9806 NOW to let your own representatives in Congress know that any legislative solution must keep pensions whole for both active and retired workers.

**Let Congress know you support H.R. 397,
the Rehabilitation of Multiemployer Pensions Act!**

#protectourpensions

SAMPLE LETTER TO MEMBER OF CONGRESS

Dear Representative:

Some of the nation's largest multiemployer pension plans are on the verge of collapse because they don't have enough money to pay promised pensions to retirees and workers. If these plans fail, it will not only impact the active and retired workers who are owed benefits. There will be a broader impact on the economy - adverse effects on economic growth and tax losses to state, local and federal Governments.

On January 9, Reps. Richard Neal (D-MA) and Peter King (R-NY) introduced H.R. 397, the Rehabilitation for Multiemployer Pensions Act. H.R. 397 is the only proposal that will provide a path to financial health for troubled pension plans, alleviate pressure on the Pension Benefit Guaranty Corporation, and ensure that retirees and active workers receive all of the benefits that they earned.

H.R. 397 is the same bill that was introduced in the 115th Congress as H.R. 4444. It is also the same as the Senate bill introduced in the 115th Congress that was referred to as the Butch Lewis Act. H.R. 397 is a bi-partisan bill. The lead sponsors are Rep. Richard Neal (D-MA) and Rep Peter King (R-NY). The bill enjoys support from many members of Congress, including a significant number of Republican members.

The Teamsters Union supports H.R. 397, the Rehabilitation for Multiemployer Pensions Act. We are urging the House to pass this bill quickly. I hope you will co-sponsor H.R. 397 and also speak out about the urgent need for bipartisan action to protect earned pension benefits.

Thank you for your consideration of this request. Please do not hesitate to reach out with questions about the legislation.

Sincerely,
